

Hello GCI Families,

The WRDSB has divided the 10 exam days into a 1:4 day split each semester, as shown on the WRDSB school year calendar. The mid-semester day, at the midpoint of each semester, is an opportunity for students and teachers to focus on a variety of assessment and evaluation products, conversations and observations that will aid students in consolidating learning and working towards a provincial standard of the overall expectations before a reporting period.

Our first mid-semester (Instructional Support) Assessment and Evaluation day is Friday, November 8th.

- Teachers will communicate with their students the expectations in advance and notify specific students if in-person attendance is required.
- Students who attend in person will follow a regular, daily schedule, and all teachers will be available during their regularly scheduled class time.
- Though many students may be working from home, students can engage with the teacher virtually (e.g., conferencing/feedback sessions, participation in the virtual classroom, submitting owed work, etc.)
- Transportation will run at regular times.
- ACE and Bridges students will attend school with regular programming and following regular attendance procedures.
- Please contact your child's teacher or the Main Office if you have any questions.

Schedule for November 8, 2024

SEMESTER 1	Fri., Nov. 8
Period 1 - 8:10 - 9:25	Block A
Period 2 - 9:30 - 10:45	Block B
